

# Women's Night Safe Space Information Pack

Women's Night Safe Space is a non-judgement safe bus for women and girls to come to, or be referred to in the city centre at night if they feel concerned, unsafe, unwell or vulnerable. We are here for women to seek refuge, support and advice. We are there to make sure Leeds city centre is a safe, comfortable and fun space for all women.

Support that we provide includes:

- Mobile phone charging facilities
- Water, refreshments and warm drinks
- Support calling a taxi
- Somewhere to talk through concerns and be signposted for further support
- Somewhere to report incidents to the police and wait for further assistance
- Somewhere to wait for friends so they are not alone
- A non-judgemental warm place with a friendly face

All women are welcome for whatever reason

Women's Night Safe Space is at risk of closure due to lack of funding, but with the help of donations we can continue to provide this essential service.

**Find out more below about the impact that Women's Night Safe Space has had so far, and what your donations could help us to provide.**

# In the last 12 months
